

MOMEN TAREK ALY

IT DEVELOPER

District No 2, New Cairo 1, Cairo Governorate, The 5th Settlement, Egypt | Momentarek904@gmail.com | +20 109 772 5521

PROFESSIONAL SUMMARY

IT Developer with 3 years of experience building and maintaining ERP, low-code, and database-driven business systems. Specialized in the Zoho ecosystem, including advanced Deluge scripting and workflow automation, with hands-on experience customizing Odoo ERP modules. Zoho Creator–certified, with a solid grounding in database administration (SQL Server, MySQL, PL/SQL) and networking fundamentals (Cisco CCNA Security). Proven track record of delivering efficient, user-centric systems that reduce manual effort and improve business processes.

SKILLS

- **ERP Systems:** Odoo ERP, Zoho Creator
- **Zoho Expertise:** Zoho Creator (Deluge scripting), Zoho Projects, Zoho Forms
- **Database & Networking:** SQL Server, MySQL, PL/SQL; Cisco CCNA Security fundamentals
- **Programming:** Deluge, Java, PL/SQL, Python, SQL, JavaScript, PHP, HTML
- **Automation Tools:** PowerApps, Power Automate, Google Platform
- **Web Development:** WordPress (setup, customization, and maintenance)
- **Emerging Tech:** Exploring AI model integration (LLMs, MCP) for workflow automation
- **Soft Skills:** Problem-solving, adaptability, analytical thinking

PROFESSIONAL EXPERIENCE

System Developer — Zeta Pharma, Nasr City, Cairo	2022 – 2025
• Led the development and customization of Zoho applications using Deluge scripting, enabling tailored solutions for business processes. • Managed and maintained Zoho tools — Projects, Creator, and Forms — including database-driven applications, to streamline workflows and improve team collaboration. • Implemented ERP workflow enhancements in Odoo and Zoho, driving efficiency in inventory and financial operations, and supported deployment of ERP solutions tailored to client requirements. • Developed low-code solutions and automated data collection and reporting processes. • Collaborated with cross-functional teams to develop user-friendly systems and provided end-user training.	

PROJECTS

- **Advanced Workflow Automation in Zoho Creator** — Designed and implemented complex workflows using Deluge scripting, reducing manual effort by 40%.
- **ERP System Optimization** — Customized Odoo ERP modules for inventory and finance, increasing process efficiency by 25%.
- **PowerApps Form Development** — Built multi-step forms for marketing and operational teams, simplifying data input and reporting.
- **Sales & Marketing Requests System (Zoho Creator)** — Built forms, reports, and approval workflows for managers to review/approve sales and marketing requests, with tracking through to finance payment; cut paperwork 70% and manual handling 60%, with a quarterly tracking dashboard.

EDUCATION

Bachelor’s Degree (In Progress)	Expected Graduation: 2027
<i>New Cairo Technological University, New Cairo</i>	

CERTIFICATIONS

- Cisco CCNA Security — Distinction, 81/100 (IT Masters / Charles Sturt University, 2023)
- IT Career Fundamentals — High Distinction, 85/100 (IT Masters / Charles Sturt University, 2023)
- Zoho Creator Certification — Low-Code Application Development
- MTA: Database Administration Fundamentals & Introduction to Programming Using Java
- Oracle Academy: Java Programming; PL/SQL Database Programming, Semester 2
- Mendix Rapid Developer
- ITI: Virtual Visits Program — 54 hrs (CG Animation Pipeline Introduction; Virtual Visits, 2025)
- Build with AI: Masr Edition — Attendee, Google for Developers x ITI virtual sessions (2026)

ACHIEVEMENTS

- **Huawei ICT Competition 2025–2026 (Egypt)** — Selected to represent Egypt in the Regional Phase, Computing Track (Apr 2026).
